Requirements for Satellite Photography 3. As a result of the discussion the Chairman requested that those principally concerned in requirements should meet in the Air Force Conference Room, Annex 3, Thursday morning at 9 am, 16 March, to pursue further planning for preparation of requirements for satellite photography. By that time there will have been an opportunity to study the memorandum distributed by Golonel Winterbottom (AH-0021-61, 13 March, Top Secret Noforn). All should be in a better position to discuss detailed procedure to produce the highest list. There was tentative agreement on the need for a highest list perhaps in the order of a hundred items to permit more precise advise for KH shots and particularly for guidance in the preliminary interpretation of KH photography. (Subsequent to the meeting the Chairman called the members requesting them to bring to the Thursday meeting a preliminary list of their nominations for the highest category.) Needs for Duplicates on the E-5 Program 4. Colonel Winterbottom distributed a memorandum requesting that the members submit in writing their needs for duplicate materials for SAMOS E-5 photography (memorandum for Chairman, COMOR, 14 March, subject: Requirements for E-5 Products). JAMES Q. REBER Chairman Committee on Overhead Reconnaissance Copy 2State 3OSD 4JCS TCO 5OACSI TCO 6, 7, 8ONI TCO 9, 10AFCIN TCO 11, 12NSA TCO	result of the discussion the Chairman requested that concerned in requirements should meet in the Air Room, Annex 3, Thursday morning at 9 am, 16 March, planning for preparation of requirements for satellite that time there will have been an opportunity to study distributed by Colonel Winterbottom (AH-0021-61, cret Noforn).
